Amherst College

WAMH STEREO FM
AMHERST COLLEGE AMHERST, MASS. 01002 413·542·2224

THE 1984 EXECUTIVE BOARD

General Manager: Marty Calihan (8048) -- The G.M. is legally responsible for the day to day operation of the station. He is responsible for enforcing FCC regulations. The G.M. also serves as a liason between the station and the outside world, thus any complaints recieved should be directed to him.

Program Director: A.J. Shaw (8046) -- In charge of special programming, regular programming, and scheduled programming. In other words, he is responsible for deciding what shows are on the air. He is also in charge of sustitutions, so if a DJ cannot find a sub on his/her own, the P.D. should be contacted.

Music Director: Jared Gardner (2406) and Larry La Sala (2403) -- Is in charge of compiling new records, sorting the station mail, getting replacement records, and sending playlists to record companies. The playlists that each DJ fills out every show are the reason that the station receives records. If ever a record company rep. calls you during your show, you should refer him/her to one of the M.D.'s.

Chief Announcer: Helen Heirschbiel (8060) -- Trains new DJ's, gives the new DJ test, checks logs, and is in charge of log corrections as well.

Minority Media Director: Don Monroe (4263) -- Is in charge of the Minority Media Project and serves as assistant to the music director.

Sports Director: Mitch Edelson (3374) -- Is responsible for radio broadcasts of sporting events, and is in charge of recruiting broadcasting and midnight sports personnel.

Business Manager: Jon Damon (3305) -- Is in charge of new requisitions, paying the bills, and dealing with SAC.

PSA Czar: Keith Dawson (3497) -- Is responsible for making public service announcements and keeping up the new community calendar.

Production Director: Pete Irvine (8053) -- Is responisble for C-Studio training and the ordering of new production equipment (including new CARTS).

Publicity/Promotions Director: Paul Brontaus (2406) -- Is repsonsible for all publicity and promotional activities of the station. He also is the only E-Board member who likes Duran Duran.

News Director: Hope O'Connor -- Is responsible for the gathering and airing of news at 6:00 p.m. and 11 p.m.

Staff Representatives: Eric Forsman (2401), Glenn Evans (4238), and Jay Clark (3476) -- Are reponsible for receiving and handling all staff complaints, and distributing information.

WAMH STEREO FM
AMHERST COLLEGE AMHERST, MASS. 01002 413·542·2224

SOME STATION POLICIES TO REMEMBER:

1. Keep WAMH clean. Please make sure that all bottles, cans, and trash get picked up and thrown away before they have a chance to collect and make the place a mess. Smoking is permissable so long as ashes are kept away from records and butts are thrown out.

2. Put all your records away in the proper place so that the next DJ can find them. Do not leave records on empty shelves, on the table in B-Studio, or in C-Studio. Do not leave any records out when the next DJ comes in -- this includes those records which may have been left over from the earlier shows. Each incoming DJ should make sure that, before he goes on the air, all the albums from the prior show have been put away, even if this means bending the DJ's arm.

3. No dedications, profanity, party announcements, ticket prices or locations on the air. Please keep editorializing to a minimum. Remember, WAMH broadcasts to much more than just Amherst campus -- so don't talk about Amherst gossip, events, or trends people, in Sunderland and Northampton could really care less.

4. Logs must be filled out thouroughly, correctly, legally, and legibly!! Along with EBS tests, these logs are out most important responisbilty if we are to remanin on the air. The example on the window of MCR means that no one has an excuse not to fill these out correctly. If you do make a mistake -- make sure that it si corrected and initialled promptly. Lists of mistakes made last semester are presently sitting on the B-Studio table: CHECK THESE OUT NOW.

5. NO, you may not borrow or lend any station albums.

6. Albums cost money and are a pain in the ass to re-order. So, take good care of the records -- use the discwasher and replace missing inner sleeves with one from the pile next to the clock. If an album is missing or damaged, don't forget to add it to the DAMAGED AND MISSING ALBUM LIST on the wall above the turntables. As for theft: remember, any album which finds its way out of the station during your show is YOUR responsibility.

Failure to follow these simple rules will give us the opportunity to exercize the control and fascism we so desperately want to use. Plenty of other people want shows who will respect the station, its property, and the other disc jockeys. Have a good semester.

George B. Beitzel, Chairman
Board of Trustees

FCC REQUIREMENTS FOR WAMH

Staff,

Because of the interterm problems that we had locating our copy of the Station license and the fact that we will be up for a license renewal next spring, we thought it would be best to inform you of your responsibilities as operators as far as the FCC is concerned. This being the age of Reagan and all that, certain sectors of our society have begun to place more emphasis on legal rules and regulations, specifically, those people whose job it is to enforce these regulations. And, as the FCC itself says

> "Beware radio operators--which means transmitter sitters disc jockeys and anybody else who is signed on the transmitter log. The FCC has new authority to levy fines on you, and they are planning to use it."

I, for one, think they mean it, so we have listed your major responsibilities below. Read them carefully, and if you have any questions please talk to an E-Board member.

1. Operator with license on duty-This means when you go on the air, you must have a copy of your license with you. If you do not have an FCC license, talk to an E-Board member.

2. Instructions to personel posted- This means that the operating instructions posted in the station are there for a reason other than to be scribbled upon.

3. Logs Available on request- This means if the FCC wants to see our logs, they are entitled to that somewhat dubious privelege. What they want to see on these logs are:
   a.- Sign on and off- complete with A.M. and P.M. after your name.
   b.- Legible- The dictionary defines legible as "capable of being read or deciphered." The FCC has shortened it by fining those operators whose writing they have to decipher. Be Neat!
   c.- Corrections made properly- Tony didn't send you those log correction notices out of the goodness of his heart. If you make a mistake, fix it and put your initials next to the corrections.
   d.- Logs retained for 2 years- you seniors who think that by leaving school, you aren't responsible for you log mistakes. Wrong. The FCC has agents everywhere who will hunt you down relentlessly, so beware.

4. Operators primary duty is operation of Transmitter- In real words, this means that the log readings of the meters are your primary legal responsibility to the FCC. These transmitter readings must be done every hour we are on the air.

5. Sponsers identified on the air- This means that we have to announce regularly that we are a non-commercial station (once per show, lets say)

6. Bi-monthly announcement of license application- This one is more important for me than it is for you, but I just added it to remind you that your primary responsibility is to the community, not just yourself

AMHERST COLLEGE AMHERST, MASS. 01002 413·542·2224

THE CAMPAIGN FOR AMHERST

Cleanliness is next to godliness!

WAMH CLEAN-UP SCHEDUAL

Note: You will be asked to clean the station only once during the semester, and it is imperitive that every effort is made on your part to attend your schedualed clean-up. Attendance at these clean-ups is mandatory and will be recorded. If you cannot attend for some reason, first try and switch with a person from another group, and then call either myself or another E-Board member. Let's make and keep the station a more pleasent place to be!

Sunday, Mar. 10, 1:00pm	2-6 DJ's; Mon, Tue, Wed, 6-9 DJ's.
Sunday, Mar. 31, 1:00pm	Th, Fri, Sat, Sun, 6-9 DJ's; All 9-12 DJ's.
Sunday, Apr. 14, 1:00pm	All 12-3 DJ's; Mon, Tue, Wed, 3-6 DJ's.
Sunday, Apr. 28, 1:00pm	Th. Fri, Sat,Sun, 3-6 DJ's; All 6-8:30 DJ's.
Sunday, May, 12, 1:00pm	All 8:30-11 DJ's; All 11-2 DJ's.

Notes on Progressive Radio

FOCUS ON THE ALTERNATIVE MARKET

As almost the only alternative outlet for music in the United States, and certainly the most important, college radio is the sacred cow of progressive music.

Rarely held up for criticism, one might get the idea that college radio is a flawless cultural institution. Needless to say, that is not the case.

The 3-400 reporting stations (so called because they report their playlists to the various charts) make up a small but important force in music today. They are the cornerstone of the alternative market, which also includes clubs, alternative press, fanzines, small retail outlets specializing in more esoteric records,

Priority Emphasis

New Music (noo myoo-zik), n. 1. fresh, modern, novel, different, striking, better, the latest, anew. 2. the best rock, jazz, reggae, soul, dance music—from the world's most innovative and dynamic musicians.

Along the same lines, many people feel that alternative music from the past dominates too much of the college airwaves today. "My biggest problem with college radio is with the sets of older music. When I first walked into my college station, they were playing the Allman Brothers and the Grateful Dead. I came in wanting to hear the new Talking Heads single. Now I walk in to a station or turn on the radio and they're still playing the same Talking Heads record, and the same Sex Pistols cut. Supposedly we had gotten away from that," Isquith says.

"It's to my mind that any college station that isn't exposing progressive new music, if they are playing old Led Zeppelin or CCR, should be shot. This music is the music of today, of this generation. If a college station isn't playing their own music, how dare we ask why CHR or AOR isn't playing it," adds Gerson.

"There's a lot of responsibility in being on the radio. The people who run the best stations in the country are aware of the responsibility, they are serving the audience; someone other than themselves or their friends. At the same time they are playing progressive new music," finishes Isquith.

MAKE SURE TITLES ARE ANNOUNCED. Nothing is more frustrating to the kind of person who listens to college radio than to hear a cut they like and have the DJ not announce the title and/or artist. I know I've wanted to throw the tuner out the window more than a few times over this.

THE 1984 EXECUTIVE BOARD

General Manager: Richard Sowalsky (7988)--The G.M. is legally responsible for the day to day operation of the station. He is responsible for enforcing FCC regulations. The G.M. also serves as a liason between the station and the outside world, thus any complaints received should be directed at him.

Program Director: David Weiss (3116)--In charge of special programming, regular programming, and scheduled programming. In other words, he is responsible for deciding what shows are on the air. He is also in charge of substitutions, so if a DJ cannot find a sub on his own, the P.D. should be contacted.

Music Director: Andrew Lewis (3476) and Brian Pearce (4204)--Is in charge of compiling new records, sorting the station mail, getting replacement records, and sending playlists to record companies. The playlists that each DJ fills out every show are the reason that the staion receives new records.

Chief Announcer: Donna Samuels (4268)--Trains new DJs, gives the new DJ test, checks logs, and is in charge of log corrections as well.

Minority Media Director: Veronica Jordan (4267)--Is in charge of the Minority Media Project and serves as assistant to the music director.

Sports Director: Steve Falcone (4294)--Is responsible for radio broadcasts of sporting events, and is in charge of recruiting broadcasting and midnight sports personel.

Business Manager: Marty Calihan (8048)--Is in charge of new requisitions, paying the bills, and dealing with SAC.

PSA Czar: Rob Greenwald (3116)--Is resposible for making public service announcemts and keeping up the new community calender.

Production Director: Jared Gardner (2406)--Is responsible for C-studio training and the ordering of new production equipment (including new CARTS). In some cases doubles as WAMH teen idol.

Publicity Director: Lisa Osofsky (4220)--Is responsible for all publicity.

News Director: Hope O'Connor--Is resposible for the gathering and airing of news at 6:00 pm and 11:00 pm.

Staff Representatives: Larry La Sala (2403) and A.J. Shaw (8049)--Are responsible for receiving and handling all staff complaints, and distributing info.

Ticketron: Paul Brountas (2406)--Responsible for all ticket information.

WAMH STEREO FM

AMHERST COLLEGE AMHERST, MASS. 01002 413·542·2224

Some Station Pohays To Remember:

1. No Smoking in MCR or B-Studio. If you need to smoke please do it in the News Studio and throw your butts in the ~~garbage~~ garbage, not the floor.
2. Put all your records away in their correct place so the next jock can find them. Dont leave them in empty shelves or on the B-Studio Table.
3. No Dedications, ~~Profound~~ Profanity, Party Announcements, or Ticket Prices on the air. Keep Editorilizing to a minimum, and noone out there cares about Who booted or Who screwed who last weekend. DONT TALK ABOUT friends or Amherst College. People in Sunderland dont give a shit.
4. Logs must be filled out thoroughly, correctly, neatly and legally!! The example on the window means that noone has any excuses not to do so.
5. No, you may not borrow or lend any albums.
6. Keep MCR clean. We are not your fucking maids. Beerbottles, papers and whatever shit you bring with you get thrown out.

WAMH STEREO FM

AMHERST COLLEGE AMHERST, MASS. 01002 413·542·2224

7. Albums cost money. Any missing album is a pain in the ass to reorder. An album which finds it's way out of the station during your show is your responsibility.
8. Do not call any E-Board member in between the hours of 12 midnight - 10 A.M.

Failure to keep these policies in mind will give us the opportunity to excersize the control and facism we so desperately want to do. Plenty of other people want shows who will be responsible enough to respect the station, it's property and the other disc jockeys.

P.S. - Have a nice day.

WAMH CLEAN-UP SCHEDUAL

Note: You will be asked to clean the station only once during the semester, and it is imperitive that every effort is made on your part to attend your schedualed clean-up. Attendance at these clean-ups is mandatory and will be recorded. If you cannot attend for some reason, first try and switch with a person from another group, and then call either myself . or another E-Board member. Let's make and keep the station a more pleasent place to be!

Sunday, Oct 21, 1:00pm	Th.Fri.Sat.Sun. 6-9, All 9-12 DJs
Sunday, Nov 11, 1:00pm	All 12-3 DJs, Mon.Tues.Wed 3-6
Sunday, Dec 2, 1:00pm	Th.Fri.Sat.Sun 3-6, All 6-8:30 DJs
Sunday, Dec 16, 1:00pm	All 8:30-11 DJs, All 11-2 DJs

FCC REQUIREMENTS FOR WAMH

Staff,

Because of the interterm problems that we had locating our copy of the Station license and the fact that we will be up for a license renewal next spring, we thought it would be best to inform you of your responsibilitees as operators as far as the FCC is concerned. This being the age of Reagan and all that, certain sectors of our society have begun to place more emphasis on legal rules and regulations, specifically, those people whose job it is to enforce these regulations. And, as the FCC itself says

> "Beware radio operators--which means transmitter sitters disc jockeys and anybody else who is signed on the transmitter log. The FCC has new authority to levy fines on you, and they are planning to use it."

I, for one, think they mean it, so we have listed your major responsibilities below. Read them carefully, and if you have any questions please talk to an E-Board member.

1. Operator with license on duty-This means when you go on the air, you must have a copy of your license with you. If you do not have an FCC license, talk to an E-Board member.

2. Instructions to personel posted- This means that the operating instructions posted in the station are there for a reason other than to be scribbled upon.

3. Logs Available on request- This means if the FCC wants to see our logs, they are entitled to that somewhat dubious privelege. What they want to see on these logs are:
   a.- Sign on and off- complete with A.M. and P.M. after your name.
   b.- Legible- The dictionary defines legible as "capable of being read or deciphered." The FCC has shortened it by fining those operators whose writing they have to decipher. Be Neat!
   c.- Corrections made properly- Tony didn't send you those log correction notices out of the goodness of his heart. If you make a mistake, fix it and put your initials next to the corrections.
   d.- Logs retained for 2 years- you seniors who think that by leaving school, you aren't responsible for you log mistakes. Wrong. The FCC has agents everywhere who will hunt you down relentlessly, so beware.

4. Operators primary duty is operation of Transmitter- In real words, this means that the log readings of the meters are your primary legal responsibility to the FCC. These transmitter readings must be done every hour we are on the air.

5. Sponsers identified on the air- This means that we have to announce regularly that we are a non-commercial station (once per show, lets say)

6. Bi-monthly announcement of license application- This one is more important for me than it is for you, but I just added it to remind you that your primary responsibility is to the community, not just yourself

FCC REQUIREMENTS

Dear Staff, a few reminders:

1. Operator on duty has license there and for us this means if you have a license, have it filed at the station. If you don't have one, talk to the General Manager immediately.

2. Logs are correct - Follow the example posted above the mixing board. Use blue or black ink only for logs and corrections. If you make a mistake, come in, draw a line through it, and initial next to the corrections. Logs are retained for two years, so the FCC can come after you for leaving mistakes. Don't and make things are legible.

3. Operator is responsible for correct operation of transmitter - This means calibrating and taking log readings. If you have any doubts, instructions are posted.

4. Sponsors identified on air - This means saying we are a non-commercial station at least once a show.

The FCC itself says "Beware radio operators - which means transmitter sitters, disc jockeys and anybody else who is signed on the transmitter log. The FCC has new authority to levy fines on you, and they are planning to use it."

If you have any questions, talk to an E-board member.

******** SOME STATION POLICIES TO REMEMBER ******

1. No Smoking!! If you must smoke, do it out on the stairs. If the fire alarm goes off in the station during your show, you owe the college $100.00. This is your warning.

2. In the event of a fire alarm sounding in Pratt, evacuate the building! (If you can, put on a long song; otherwise apologize to audience for dead air).

******** SOME STATION POLICIES TO REMEMBER ******

1. No Smoking!! If you must smoke, do it out on the stairs. If the fire alarm goes off in the station during your show, you owe the college $100.00. This is your warning.

2. In the event of a fire alarm sounding in Pratt, evacuate the building! (If you can, put on a long song; otherwise apologize to audience for dead air).

3. Logs must be filled out thoroughly, correctly, legally, and legibly!! Along with the EBS tests, these logs are our most important responsibility if we are to remain on the air. The example on the window of MCR means that no one has an excuse not to fill these out correctly. If you make a mistake make sure that it is corrected and initialled promptly. List of mistakes made last semester are presently sitting on the B- studio table: CHECK THESE OUT NOW.

4. No dedications, profanity, party announcements, ticket prices or locations on the air. Also, remember WAMH broadcasts to much more than just Amherst campus -- so don't talk about Amherst gossip, events, or trends. People in Sunderland and Northhampton will turn us off.

5. Keep WAMH clean. Please make sure that all bottles, cans, and trash get picked up and thrown away before they have a chance to collect and make the place a mess.

6. Put all your records away in the proper place so that the next DJ can find them. Do not leave records on empty shelves, on the table in B-Studio, or in C-Studio. Do not leave any records out when the next DJ comes in -- this includes those records which may have been left over from the earlier shows. Each incoming DJ should make sure that, before he goes on the air, all the albums from the prior show have been put away. All it will take is a kind reminder.

7. NO, you may not borrow or lend any station albums.

8. Albums cost money and are a pain in the ass to re-order. So, take ggod care of the records -- use the discwasher and replace missing inner sleaves with one from the pile next to the clock. If an album is missing or damaged, don't forget to add it to the DAMAGED AND MISSING ALBUM LIST on the wall above the turntables. As for theft; remember, any album which finds its way out of the station during your show is YOUR responsibility. This also goes for the discwasher materials.

9. Our fearless music directors, Larry and Stacey, have lots of work from reviewing new albums, replacing old damaged ones, etc. If anyone wants to help, Larry is in the station from 3:00 to 5:30 on Tuesdays and Stacey is there from 4:00 to 6:00 on Thursdays. This is a great way to earn some important brownie points for when it comes time for the next time your time slots are given (or not given).

Failure to follow these simple rules will give us the opportunity to exercise the control and fascism we so desperately want to use. Plenty of other people want shows who will respect the station, its property, and the other disc jockeys.

3. Logs must be filled out thoroughly, correctly, legally, and legibly!! Along with the FCC tests, these logs are our most important responsibility if we are to remain on the air. The example on the window of NCR means that no one has an excuse not to fill these out correctly. If you make a mistake make sure that it is corrected and initialed promptly. List of mistakes made last semester are presently sitting on the B- studio table: CHECK THESE OUT NOW.

EXECUTIVE BOARD

General Manager **Marty Calihan** (2405) -- The G.M. is legally responsible for the day to day operation of the station. He is responsible for enforcing FCC regulations. The G.M. also serves as a liason between the station and the outside world, thus any complaints received should be directed to him.

Program Director **A.J. Shaw** (3120) -- in charge of special programming, regular programming, and scheduled programming. In other words, he is responsible for deciding what shows are on the air. He is also in charge of substitution, so if a DJ cannot find a sub on his/her own, the P.D. should be contacted.

Music Directors **Larry La Sala** (2435) and **Stacey Platte** (2400) -- they are in charge of compiling new records, sorting the station mail, getting replacement records, and sending playlists to record companies. The playlists that each DJ fills out every show are the reason that the station receives records. If ever a record company rep. calls you during your show, you should refer him/her to one of the M.D.'s.

Business Manager **Jon Damon** (3220) -- Is in charge of new requisitions, paying the bills, and dealing with SAC.

Production Director **Pete Irvine** (2052, or 8044) -- is responsible for C-Studio training and the ordering of new production equipment (including new CARTS).

Chief Announcer **Helen Hierschbiel** (3471) -- Trains new DJ's, gives the new DJ test, checks logs, and is in charge of log corrections as well.

Minority Media Director **Donn Monroe** (4265) -- Is in charge of everything concerning the Minority Media Project.

Publicity/Promotions Director **Chuck Bartlett** (3073) -- Is responsible for all publicity and promotional activities of the station, including submissions to The Student.

Sports Director **Mitch Edelson** (3492) -- Is responsible for radio broadcasts of sporting events, and is charge of recruiting broadcasting and late night sports quiz personnel.

PSA Czar **Keith "Woody" Dawson** (4296) -- Is responsible for making public service announcements and keeping up the new community calendar.

Staff Representatives **Jay Clark** (2402) and **Gopher** (2442) -- Are responsible for receiving and handling all staff complaints, and distributing information.

News Director **Hope Cooper** (3136) -- Is responsible for the gathering and airing of newscasts.

Chief Engineer **Bill Shaheen** (1-467-9075)

WAMH OFFICIAL CLEAN-UP SCHEDULE

NOTE: You will be required to clean the station only once during the semester, and it is imperative that you make every effort to attend your scheduled clean-up. Attendence at clean-ups will be noted and will be considered a reflection your interest in WAMH. If you cannot make your scheduled date, simply call up a Staff Rep. and arrange for a "rain-date". It is important to keep the station clean, so your co-operation is more than appreciated -- it is strongly advised.

Sunday, Oct. 6, 1 p.m.	All 2-6 DJ's; Mon., Tue., Wed., 6-9 DJ's
Sunday, Oct. 20, 1 p.m.	Th., Fri., Sat., Sun. 6-9 DJ's; All 9-12 DJ's
Sunday, Nov. 3, 1 p.m.	All 12-3 DJ's; Mon., Tue., Wed., 3-6 DJ's
Sunday, Nov. 17, 1 p.m.	Th., Fr., Sat., Sun., 3-6 DJ's; All 6-8:30 DJ's
Sunday, Dec. 8, 1 p.m.	All 8:30-11 DJ's; All 11-2 DJ's

Notes on Progressive Radio

FOCUS ON THE ALTERNATIVE MARKET

As almost the only alternative outlet for music in the United States, and certainly the most important, college radio is the sacred cow of progressive music.

Rarely held up for criticism, one might get the idea that college radio is a flawless cultural institution. Needless to say, that is not the case.

The 3-400 reporting stations (so called because they report their playlists to the various charts) make up a small but important force in music today. They are the cornerstone of the alternative market, which also includes clubs, alternative press, fanzines, small retail outlets specializing in more esoteric records,

Along the same lines, many people feel that alternative music from the past dominates too much of the college airwaves today. "My biggest problem with college radio is with the sets of older music. When I first walked into my college station, they were playing the Allman Brothers and the Grateful Dead. I came in wanting to hear the new Talking Heads single. Now I walk in to a station or turn on the radio and they're still playing the same Talking Heads record, and the same Sex Pistols cut. Supposedly we had gotten away from that," Isquith says.

"It's to my mind that any college station that isn't exposing progressive new music, if they are playing old Led Zeppelin or CCR, should be shot. This music is the music of today, of this generation. If a college station isn't playing their own music, how dare we ask why CHR or AOR isn't playing it," adds Gerson.

"There's a lot of responsibility in being on the radio. The people who run the best stations in the country are aware of the responsibility, they are serving the audience; someone other than themselves or their friends. At the same time they are playing progressive new music," finishes Isquith.

Priority Emphasis

New Music (noo myoo-zik), n. 1. fresh, modern, novel, different, striking, better, the latest, anew. 2. the best rock, jazz, reggae, soul, dance music—from the world's most innovative and dynamic musicians.

MAKE SURE TITLES ARE ANNOUNCED. Nothing is more frustrating to the kind of person who listens to college radio than to hear a cut they like and have the DJ not announce the title and/or artist. I know I've wanted to throw the tuner out the window more than a few times over this.

WAMH STEREO FM

January 28, 1986

To: All WAMH Staff
From: Larry La Sala
Re: Many Wonderful Things

Dear Staff,

Welcome back one and all from vacation! I hope that you thoroughly enjoyed yourselves, but unfortunately the second semester has crept upon us, and the time for frivolity has come to an end. After many problems and countless hours of work and aggravation, WAMH is back on the air. We are currently running on our old transmitter, and waiting for our new one to be modified in accordance to FCC standards. All of this means that while our clarity may be a bit reduced, we will still be operating at the same power and wattage. In other words its business as usual.

Let me begin by giving you a list of all the upcoming important dates:

1. Wednesday - January 29 - The sign-up sheet for second semester slots will be posted. Be sure to read all the posted directions before you sign-up for a show. Failure to follow directions could have tragic results.
2. Wednesday - January 30 - 7:30, Merrill #3 - Meeting for interested, new DJ's. If you know any interested people tell them to come to this.
3. Tuesday - February 4 - Sign-up sheet for slots comes down at 11:59 P.M.
4. Thursday - February 6 - MANDATORY MEETING FOR ALL DJ's - 7:30, Merrill #3 - No kidding, this meeting is mandatory. As it is the only full staff meeting of the semester, and as you are being notified at least one week in advance, you should have problems attending. Absence will lend serious doubts as to your commitment to WAMH, so if you want a show be there! If for some very good reason attendance is impossible, speak to either Jon Damon or myself so that we will not misinterpret your absence.

As there once again seems to be many DJ's competing for a limited number of slots, here are some helpful hints that may help you obtain that slot you so desperately desire. First, you will remember that last semester Marty sent out a notice describing the "WAMH WORK JOURNAL." If you have retained this notice I suggest you read it over; if not, here are the basics:

What to include:

A. A complete, accurate and legible account of all work done for WAMH. (examples: airshifts/news work/reviewing albums/preparing albums/filing albums/envelope stuffing/computer cataloging/production work/word processing/reviewing other people's shows/station clean-up.)
B. Notes on all meetings and training sessions attended, announcements via mail, etc.
C. Comments, observations, and criticisms; ideas for improvement about any facet of the station.

Turning in such a journal would indeed be a great help for obtaining your desired slot; in fact short of requiring it, I strongly recommend that you turn in to Jon or myself something along these lines. Second, if you do not have very much on-air experience, it would be wise to sign-up with other DJ's of similar circumstance. We would like to get as many people involved as possible.

If anyone is interested in doing a special programming show, be sure to talk to Jon Damon before February 4. Signing up is not enough, you must see him in person. Those of you interested in sports, see Todd Simon; in news, see me. I would really encourage you to consider doing some news work. It does not take much time and it is quite interesting. Also, if you are a DJ and do not have a license please see me immediately so that I might get you one. I would like us to be as legal as possible.

Finally, I would just like to call your attention to our new student engineer, Tim Rowe. He has already repaired a number of things (monitor volume in MCR, speakers in B-studio, FM receiver in the back office, etc.), and he is working on a number of other things. He really knows his stuff, so if you come across any technical problems leave him a note on the C-studio door or in his mailbox.

That is basically all for now. We will be on temporary sign-ups from now until after the February 6th meeting, so go do some shows and tune-up. Also if anyone is interested in helping us out with other station work, Eric Forsman and Chuck Bartlett (our fearless Music Directors) are always looking for a helping hand. Good luck with the upcoming semester, and lets make WAMH something to really be proud of.

Larry La Sala
General Manager

September 5, 1986

To whom it may concern:

There are currently two doors which provide access to the studios of WAMH. The first of these doors (labelled "Door A" on the attached diagram) is the door that we use for access when the station is locked up. It is opened from the outside with a special key, and for emergency purposes can also be used to exit the station from the inside at all times. This door is not used by our staff when the station is on the air. The second door (labelled "Door B"), does not contain a key lock of any sort, and indeed can only be locked by closing from the inside. This door is kept open, and is our major entrance/exit way for the entire time that our station is on the air.

As you can see from the diagram, "Door B" leads directly into the Main Control Room, while "Door B" leads out the rear of the station. Recently we have experienced a substantial increase in record thefts and the reason for this is simple. While the Disc Jockey can monitor persons entering and exiting through "Door B," he or she cannot see anyone exiting from "Door A." It is through this door that many of our records have passed out from the station.

In the interest of maintaining "Door A" as a fire exit, and of stemming the tide of stolen records, we propose the following solution:

A) Remove the key lock from "Door A" and in its place install on the inside a push-handle fire alarm box. This would insure that the door remain permanently locked, but in the case of an emergency would still be exitable.

B) Install the lock taken from "Door A" in "Door B." This would insure that when the station is not on the air, the door could be locked, but the studios still accessible with a key. A door knob would also need to be installed in "Door B."

If this proposal is acceptable, we would appreciate attention to it at your earliest convenience. If it is not, then please advise us as to alternative solutions. Thank you for your help in this matter.

Sincerely yours,

Larry La Sala
General Manager

Jon Damon
Program Director

Executive Board

General Manager: Larry La Sala (x2435)-- The G.M. is legally responsible for the day to day operation of the station. He is responsible for enforcing FCC regulations. The G.M. also serves as a liaison between the station and the outside world, thus any complaints received should be directed to him.

Program Director: Jon Damon (x2534)-- The Program Director is in charge of special programming, regular programming, and scheduled programming. In other words, he is responsible for deciding what shows are on the air. He is also in charge of substitution, so if a DJ cannot find a sub on his/her own, the P.D. should be contacted.

Music Directors: Matt Zapruder (x3029) and Chuck Bartlett (x)-- They are in charge of compiling new records, sorting the station mail, getting replacement records, and sending playlists to record companies. The playlists that each DJ fills out every show are the reason that the station receives records. If ever a record company executive calls during your show, you should refer him/her to the M.D.'s.

Business Manager: Jon Klein (x2989)-- Is in charge of new requisitions, paying the bills, and dealing with SAC. He also compiles the new budget.

Production Director: Tommy D.(x)-- Is responsible for C-studio training and the ordering of new production equipment (including new CARTS).

Chief Announcer: Brian Jacobson (x3129)-- Trains new DJ's, gives the new DJ test, checks logs, and is in charge of log corrections as well.

Minority Media Director: Donn Monroe (x2025)-- Is in charge of everything concerning the Minority Media Project.

Publicity/Promotions Director: Ray Russo (x3197)-- Is responsible for all publicity and promotional activities of the station, including submissions to The Student.

Sports Director: Todd Simon (x5709)-- Is responsible for radio broadcasts of sporting events, and is in charge of recruiting broadcasting and late night sports quiz personnel, as well as getting a sponsor for the sports quiz.

PSA Czarina: Tracy Butler (x3001)-- Is responsible for making public service announcements and keeping up the new community calendar.

News Director: Rafe Blaufarb (x3056)-- Is responsible for the

gathering and airing of newscasts, as well as gathering a news staff.

Student Engineer: Loren Tarr (x2545)-- Is in charge of maintaining and repairing station equipment. Any broken equipment should be called to his attention.

Staff Representatives: David Braithwaite (x3071) and ?-- Are responsible for receiving and handling all staff complaints, and distributing information.

***** FCC REQUIREMENTS *****

1. Operator on duty has his/her license there, and for us this means if you have a license, have it filed at the station. If you do not have one, talk to the General Manager immediately.

2. Logs are correct- Follow the example posted above the mixing board. Use blue or black ink only for logs and corrections. If you make a mistake, come in, draw a line through it, and initial next to the corrections. Logs are retained for two years, so the FCC can come after you for leaving mistakes. Also keep things legible.

3. Operator is responsible for correct operation of the transmitter - This means calibrating and taking log readings. If you have any doubts, instructions are posted.

4. Sponsors identified on the air - This means saying we are a non-commercial station at least once a show. And remember, it is illegal to announce either ticket price or where tickets may be purchased.

The FCC Itself says: "Beware radio operators - which means transmitter sitters, disc jockeys and anyone else who is signed on the transmitter log. The FCC has new authority to levy fines on you, and they are planning to use it."

If you have any questions, talk to an E-board member.

***** SOME STATION POLICIES TO REMEMBER *****

1. NO SMOKING!! If you must smoke, do it out on the stairs. If the fire alarm goes off in the station during your show, you owe the college $100.00. This is your final warning.

2. In the event of a fire alarm sounding in Pratt, evacuate the building! Do not stay inside! If you can, put on a long song, otherwise apologize to the audience for dead air. DO NOT TAKE THE STATION OFF THE AIR.

3. No dedications, profanity, party announcements, ticket prices, or locations on the air. Also, remember that WAMH broadcasts to much more than just the Amherst campus-- so don't talk about gossip, events, or trends. People in Sunderland and Northampton will turn us off.

4. KEEP WAMH CLEAN. Please make sure that all bottles, cans, and trash get picked up and thrown away before they have a chance to collect and make the place a mess.

5. Put all your records away and in the proper place so that the next DJ can find them. Do not leave records on empty shelves, on the table in B-studio, or in C-studio. Do not leave any records out when the next DJ comes in-- this includes those that have been left from an earlier show. Each incoming DJ should make sure that, before he goes on the air, all the albums from the prior show have been put away. All it will take is a kind reminder.

6. NO, you may not borrow or lend any station albums. Such actions will be considered stealing and you will be brought before the Judicial Board!!

7. Albums cost money and are a pain in the ass to reorder. So take good care of records -- use discwasher and replace missing inner sleeves with one from the pile next to the clock. If an album is missing or damaged, don't forget to add it to the "Missing and Damaged Album List" on the wall. As for theft-- remember that any album that finds its way out of the station during your show is YOUR responsibility. This also goes for discwasher materials.

8. Our fearless music directors, Matt and Chuck, have lots of work to do, from reviewing new albums to replacing old ones, etc. You are required to help them out at least once a semester. They really need your help so please give them as much time as you can. Office hours will be posted.

9. Tommy D. will post hours for C-studio training and production assistance. C-studio keys WILL NOT BE LENT OUT, so remember if you need to get in, you must contact an E-board member. Also, be sure to follow C-studio rules, fill out the new C-studio log and clean it up after you are done. Failure to do these things will result in your banishment from C-studio.

10. DJ's should say call letters "WAMH" or "89.3" at every significant break. It is important that the audience know to what station they are tuned.

11. Remember that your 30 word X-Plug was due by October 6, and that a cassette tape of your show by November 1. For new DJ's you must submit a tape of one of your first three shows.

Failure to follow these simple rules will give us the

opportunity to exercise the control and fascism we so desperately want to use. Plenty of other people want shows, who will respect the station, its property, and the other disc jockeys. Have a good semester.

***** WAMH POINT SYSTEM *****

We are now requiring the following of all disc jockeys:

1. Attendence at one station clean-up.
2. One afternoon session helping out the Music Directors.
3. One other performance of any station related work -- see description of the "Work journal" for further ideas on possible station work.

We expect commitment to WAMH that goes beyond just doing your show, and in doing so we are still not asking you ror too much of your time. All your work should be logged in your work journal that will be submitted at the end of the semester, and you will be reviewed at mid-semester so that you may attend to those projects at which you are deficient. Failure to comply with these requirements will have an effect on future programming.

***** WAMH OFFICIAL CLEANUP SCHEDULE *****

Here is the list of scheduled station cleanups. While it is imperative that you attend the specific cleanup to which you are scheduled, if you cannot make your scheduled date, simply call a staff rep, and arrange for a "rain date." Also, please note that there is one final make-up date on December 14, for all those who have been delinquent throughout the semester.

Sunday, October 19, 1:00 PM -- All 2-5 DJ's; Mon/Tues/Wed 5-8 DJ's

Sunday, October 26, 1:00 PM -- Th/Fri/Sat/Sun 5-8 DJ's; All 8-10 DJ's

Sunday, November 2, 1:00 PM -- All 10-12 DJ's; All 12-2 DJ's

Sunday, November 9, 1:00 PM -- All 2-4 DJ's; Mon/Tues/Wed 4-6 DJ's

Sunday, November 16, 1:00 PM -- Thurs/Fri/Sat/Sun 4-6; All 6-8:30 DJ's

Sunday, December 7, 1:00 PM -- All 8:30-11 DJ's; All 11-2 DJ's

Sunday, December 14, 1:00 PM -- Make-up date for all those who missed scheduled clean-up

---

***** WAMH WORK JOURNAL *****

Purpose: Turn in at end of semester for evaluation and credit.

Recommended: Bound Notebook of any size (pockets helpful)

What to include:

1. General
   a. A complete, accurate, and legible account of all work done for WAMH.
   b. Notes on all meetings and training sessions attended, announcements via mail, etc.; include policy, procedure and important announcements.
   c. Comments, observations, and criticisms; write anything about any facet of WAMH, including: management or manager praise or critiques, operational procedure, ideas for improvement, etc.

2. Specific examples
   *airshifts
   *work done for WAMH news (include subject and source)
   *reviewing albums (which ones)
   *filing albums
   *preparing albums (taping and labelling)
   *envelope stuffing (for playlist mailings)
   *computer cataloging
   *production work (making carts, etc.)
   *cleaning up station
   *running errands
   *word processing (typing mailing list)
   *reviewing other people's shows
   *drafting, copying, and distributing posters (publicity)
   *writing for The Student (include copy of piece)

3. Log of work done almost always should
   a. be dated
   b. be verified by the manager for whom the work was done
   c. include how much time was spent
   d. include any comments, problems encountered, great revelations, etc.
   e. be legible understandable, and succinct.

AGENDA FOR THE THIRD MEETING OF THE WAMH ALUMNI ADVISORY BOARD

Saturday
April 20, 1991
2:00 PM

Introductions

Summary of Progress During the 1990 Calendar Year

Overview of Current Interests and Activities

- Student participation rate
- Status of transmitter package and other equipment
- Potential power increase
- Revenue and the Mobile Sound Unit
- Fundraising drive among other Alumni
- Underwriting
- Sports, News and Issues in Focus
- ~~E-BOARD UPDATE~~

Hampshire Radio Collect.

WFCR - AP wire

STL - ordered $8,000

Future Plans

- Minority Media Project and Public Service
- Capital gains and new programming options

Tower Rental — Power Increase

Radio Reader Service for the Blind

External source of Revenue

- Program Booklet

Underwriting
↳ for Amherst, Williams Cos

Note for Farber in Alumni Bulletin

Alumni Board Update
Fall 1992

Tim Rowe '89
c/o Rose Coar
477 Broome Street #24
New York, NY 10013

Dear Tim,

First of all, I would like to apologize for the length of time since the last Alumni Advisory Board update. The combined forces of thesis-writing, trying to figure out my future, and general lethargy all conspired against me. The station, however, has been abuzz with activity, and I have much to report.

First off, I am pleased to announce the election of the 1993 Executive Board. John Hopkins '94 will be taking over for me as General Manager next year. John served on the Executive Board as Music Director for the previous year. I know that John is excited to take on the various responsibilities and burdens of being General Manager, and that he is already planning his course of action regarding a number of issues facing the station over the next few months, particularly revising our programming schedule to incorporate more horizontal block programming and redoubling our efforts to pursue our capital improvements strategy, especially the possibility of seeking foundation equipment grants. As John assumes his General Managerial duties, I will remain lurking in the background as Alumni Board facilitator during the spring semester, as well as Curmudgeonly Station Patriarch.

The promised improvements of which I spoke in the Alumni newsletter from May have all been completed successfully. Over the summer, our professional engineer Dan Ferraira rewired much of MCR and installed a new control board which replaced our rather decrepit and tired-sounding old board. Additionally, we freed ourselves from the hassle and the diminshed sound quality of our dedicated phone lines by the installation of a new Burk one-piece digital remote control, and the final touches on installing the station-to-transmitter microwave link. Thanks must be given again to all the help Ed Perry '63 contributed to the STL finally going on-line, after years of planning. At any rate, our sound quality has markedly improved, and with the anticipated purchase of a new Optimod stereo generator over the next year, should only get better.

Many of the projects at the station that I detailed last semester are still underway. Our programming is as diverse as ever, with 12 hours of hip-hop/urban programming, 6 hours of Latino programming, and the introduction this semester of South Asian classical music and poetry reading shows. Programming is 24 hours again this semester (the first time in years that we've had a large enough staff to do so during a fall semester), and with over 40 new trainees this semester, we are actually in danger of not having enough slots for everyone who wants one. (Our most likely response will be to require DJs with one or two semesters of experience to do a show with a partner.)

The weekly alternative dance night at the Vertex did not come through this semester, although recently we did sponsor a one-time dance night at Pearl Street in Northampton. The station has also had its name attached to several concerts at Pearl Street

and arranged a deal whereby some of the revenues from tickets for these shows sold at the Campus Center box office go to the station. We have also made increased efforts to book dates for the Mobile Sound Unit at parties on other Five-College campuses.

And on a happy note, the theft problem which periodically plagued the station last semester, ranging from the theft of CDs to CD players, seems to have trailed off almost completely. Only a few items have disappeared this semester, and in all likelihood, simply into the clutter in the Music Directors' office.

In order to get a firmer grasp on our capital improvements strategy over the next five years, the Executive Board has put together a Five-Year Plan, which you will find enclosed in this letter. Obviously, we will have to treat this Five-Year Plan as flexibly as possible, but hopefully it should give you a clearer picture of both our anticipated expenditures and our potential sources of revenue over the next few years. If anything, this will hopefully serve to bring a sort of continuity to station leadership over the next few years, since long-term station goals have always seemed somewhat nebulously-defined in the past and mostly passed on orally from General Manager to General Manager. Any feedback from any of you on any of the issues raised in this Five-Year Plan is, by all means, welcome and encouraged.

Also enclosed you will find the Program Poster for this semester (we are still continuing with the sale of ad space to cover the expanded printing costs of this format), and copies of several of our playlists for this semester. This latter item was a suggestion from Chip Galaty '90, who felt that the younger members of the Board might still be interested in what exactly finds its way onto the air at WAMH these days.

Which brings me to my parting suggestion to all of you: If you have any thoughts on how to improve either the Alumni Advisory Board newsletter, or the board itself, please let me or John know. The Board seems to have become a little unglued over the last few years, and various remedies are possible, especially increasing the size of the Board, both among older alumni and recent graduates. If you have any thoughts on the matter of increasing Board involvement in station matters, John and I will be more than open to suggestions.

Several final requests: I realize that many of the younger members of the board decided that this was finally the year to go to graduate school, so I am sending these letters home in hopes of reaching you and getting some sort of address correction. Also, we are interested in seeing if there is enough interest to arrange an Alumni Advisory Board meeting this spring; if you are willing and able to come, we would appreciate it if you would drop us a line and let us know what might be a good time to try and have it.

Again, your comments and feedback are always welcome, especially in regards to the Five-Year Plan and to the Alumni Advisory Board itself. Feel free to write me in care of the station, or call either at WAMH at (413) 542-2224 or at home (413) 542-2921. And if you want to offer John any words of encouragement for his year in charge, he is available at (413) 542-3088. Thanks for your support and I hope to hear from all of you.

Sincerely,

David Jarman
general manager

Staff List–Fall 1993

Brian n' Rob: Here's a HUGE favor that I would like the two of you to take care of for me. Cross-reference this list (1) with the list of dj's who have shows this semester and (2) with the temporary phone book, to find out who (esp. in the class of '95) is not on this campus during the fall and what all the staff members' new phone numbers are (Rob, can you get some Hampshire phone books?). Then check with Jesse Fuch's updated list of people who have gone through training during the Spring and who are trying to become djs this fall. Don't forget to add the News and Sports staffs, as well as any other mini staffs that you know exist. Make all your corrections/ additions on this sheet, and then return it to me (box 618). Call (x5729) if you have any questions. Thanks! ---JSH

EXECUTIVE BOARD

General Manager: Larry La Sala (x2435) -- The G.M. is legally responsible for the day to day operation of the station. He is responsible for enforcing FCC regulations. The G.M. also serves as a liaison between the station and the outside world, thus any complaints received should be directed to him.

Program Director: Jon Damon (x3220) -- The Program Director is in charge of special programming, regular programming, and scheduled programming. In other words, he is responsible for deciding what shows are on the air. He is also in charge of substitution, so if a DJ cannot find a sub on his/her own, the P.D. should be contacted.

Music Directors: Eric Forsman (x2052) and Chuck Bartlett (x3073) -- They are in charge of compiling new records, sorting the station mail, getting replacement records, and sending playlists to record companies. The playlists that each DJ fills out every show are the reason that the station receives records. If ever a record company executive calls during your show, you should refer him/her to the M.D.'s.

Business Manager: Gopher (x2442) -- Is in charge of new requisitions, paying the bills, and dealing with SAC. He also compiles the new budget.

Production Director: Steve Maggs (x3174) -- Is responsible for C-studio training and the ordering of new production equipment (including new CARTS).

Chief Announcer: Brian Jacobson (x3152) -- Trains new DJ's, gives the new DJ test, checks logs, and is in charge of log corrections as well.

Minority Media Director: Donn Monroe (x4265) -- Is in charge of everything concerning the Minority Media Project.

Publicity/Promotions Director: Jon Brown (x2440) -- Is responsible for all publicity and promotional activities of the station, including submissions to The Student.

Sports Director: Todd Simon (x3056) -- Is responsible for radio broadcasts of sporting events, and is in charge of recruiting broadcasting and late night sports quiz personnel, as well as getting a sponsor for the sports quiz.

PSA Czarina: Tracy Butler (x3443) -- Is responsible for making public service announcements and keeping up the new community calendar.

News Director: Rafe Blaufarb (x3150) -- Is responsible for the gathering and airing of newscasts, as well as gathering a news staff.

Student Engineer: Tim Rowe (x3380) -- Is in charge of maintaining and repairing station equipment. Any broken equipment should be called to his attention.

Staff Representatives: Jon Klein (x3237) and Tommy D. (x3037) -- Are responsible for receiving and handling all staff complaints, and distributing information.

***** FCC REQUIREMENTS ****

1. Operator on duty has his/her license there, and for us this means if you have a license, have it filed at the station. If you do not have one, talk to the General Manager immediately.

2. Logs are correct - Follow the example posted above the mixing board. Use blue or black ink only for logs and corrections. If you make a mistake, come in, draw a line through it, and initial next to the corrections. Logs are retained for two years, so the FCC can come after you for leaving mistakes. Also keep things legible

3. Operator is responsible for correct operation of the transmitter - This means calibrating and taking logs readings. If you have any doubts, instructions are posted.

4. Soonsors identified on the air - This means saying we are a non-commercial station at least once a show. And remember, it is illegal to announce either ticket price or where tickets may be purchased.

The FCC Itself says: "Beware radio operators - which means transmitter sitters, disc jockeys and anyone else who is signed on the transmitter log. The FCC has new authority to levy fines on you, and they are planning to use it."

If you have any questions, talk to an E-board member.

***** SOME STATION POLICIES TO REMEMBER *****

1. NO SMOKING!! If you must smoke, do it out on the stairs. If the fire alarm goes off in the station during you show, you owe the college $100.00. This is your final warning.

2. In the event of a fire alarm sounding in Pratt, evacuate the building! Do not stay inside! If you can, put on a long song, otherwise apologize to the audience for dead air. DO NOT TAKE THE STATION OFF THE AIR.

3. No dedications, profanity, party announcements, ticket prices, or locations on the air. Also, remember that WAMH broadcasts to much more than just the Amherst campus -- so don't talk about gossip, events, or trends. People in Sunderland and Northampton will turn us off.

4. KEEP WAMH CLEAN. Please make sure that all bottles, cans, and trash get picked up and thrown away before they have a chance to collect and make the place a mess.

5. Put all your records away and in the proper place so that the next DJ can find them. Do not leave records on empty shelves, on the table in B-studio, or in C-studio. Do not leave any records out when the next DJ comes in -- this includes those that have been left from an earlier show. Each incoming DJ should make sure that, before he goes on the air, all the albums from the prior show have been put away. All it will take is a kind reminder.

6. No, you may not borrow or lend any station albums.

7. Albums cost money and are a pain in the ass to reorder. So take good care of records -- use discwasher and replace missing inner sleeves with one from the pile next to the clock. If an album is missing or damaged, don't forget to add it to the "Missing and Damaged Album List" on the wall. As for theft -- remember that any album that finds its way out of the station during your show is YOUR responsibility. This also goes for discwasher materials.

8. Our fearless music directors, Eric and Chuck, have lots of work to do, from reviewing new albums to replacing old ones, etc. You are required to help them out once a semester. Chuck 's office hours are Mondays from 2:00 to 5:00, and Eric's are Thursdays from 4:00 to 6:00. They really need your help so please give them as much time as you can.

9. Steve Maggs will be available for production assistance during the following times: Mondays 4-5 PM, Wednesdays 4-5 PM, and Thursdays 3:30-5 PM. There will also be a schedule posted on the door if you need to get in at another time. C-Studio keys WILL NOT BE LENT OUT, so remember if you need to get in, you must contact an E-board member. Also, be sure to follow C-studio rules, fill out the new C-studio log and clean it up after you are done. Failure to do these things will result in your banishment form C-studio.

10. DJ's should say call letters "WAMH" or "89.3" at every significant break. It is important that the audience know to what station they are tuned.

11. Remember that your 30 word X-Plug is due by February 28, and that a cassette tape of your show by March 14. For new DJ's you must submit a tape of one of your first three shows.

Failure to follow these simple rules will give us the opportunity to exercise the control and fascism we so desperately want to use. Plenty of other people want shows, who will respect the station, its property, and the other disc jockeys. Have a good semester.

***** WAMH POINT SYSTEM *****

We are now requiring the following of all disc jockeys:

1. Attendance at one station clean-up.
2. One afternoon session helping out the Music Directors.
3. One other performance of any station related work -- see description of the "Work journal" for further ideas on possible station work.

We expect commitment to WAMH that goes beyond just doing your show, and in doing so we are still not asking you for too much of your time. All your work should be logged in your work journal that will be submitted at the end of the semester, and you will be reviewed at mid-semester so that you may attend to those projects at which you are deficient. Failure to comply with these requirements will have an effect on future programming.

***** WAMH OFFICIAL CLEANUP SCHEDULE *****

Here is the list of scheduled station cleanups. While it is imperative that you attend the specific cleanup to which you are scheduled, if you cannot make your scheduled date, simply call a staff rep, and arrange for a "rain date." Also, please note that there is one final make-up date on May 4, for all those who have been delinquent throughout the semester.

Sunday, February 23, 1:00 PM -- All 2-6 DJ's; Mon/Tues/Wed 6-8 DJ's

Sunday, March 9, 1:00 PM -- Th/Fri/Sat/Sun 6-8 DJ's; All 8-10 DJ's; Mon/Tues/Wed 10-12 DJ's.

Sunday, March 30, 1:00 PM -- Th/Fri/Sat/Sun 10-12 DJ's; All 12-3 DJ's; Mon/Tues/Wed 3-6 DJ's.

Sunday, April 6, 1:00 PM -- Th/Fri/Sat/Sun 3-6 DJ's; All 6-8:30 DJ's.

Sunday, April 20, 1:00 PM -- All 8:30-11 DJ's; All 11-2 DJ's.

Sunday, May 4, 1:00 PM -- Make-up date for all who missed scheduled clean-up.

***** WAMH WORK JOURNAL *****

Purpose: Turn in at end of semester for evaluation and credit.

Recommended: Bound Notebook of any size (pockets helpful)

What to include:

1) General
   a. A complete, accurate, and legible account of all work done for WAMH.
   b. Notes on all meetings and training sessions attended, announcements via mail, etc.; include policy , procedure and important announcements.
   c. Comments, observations, and criticisms; write anything about any facet of WAMH, including: management or manager praise or critiques, operational procedure, ideas for improvement, etc.

2) Specific examples
   *airshifts
   *work done for WAMH news (include subject and source)
   *reviewing albums (which ones)
   *filing albums
   *preparing albums (taping and labelling)
   *envelope stuffing (for playlist mailings)
   *computer cataloging
   *production work (making carts, etc.)
   *cleaning up station
   *running errands
   *word processing (typing mailing list)
   *Reviewing other people's shows
   *drafting, copying, and distributing posters (publicity, etc.)
   *writing for The Student (include copy of piece)

3) Log of work done almost always should
   a. be dated
   b. be verified by the manager for whom the work was done
   c. include how much time was spent
   d. include any comments, problems encountered, great revelations, etc.
   e. be legible, understandable, and succinct.

(7)

***** WAMH INTERNSHIP PROGRAM *****

The WAMH internship program is a program designed to give new DJ's the chance to familiarize themselves with the station facilities, and to learn first hand the "on-air" skills that make a good DJ. It is for this reason that we have primarily chosen those disk-jockeys with the most experience to serve as instructors. Here are the basics of the program:

1. The program is five weeks in length, and at the end of that time the intern may continue to sit in with the instructor Disk Jockey's permission.

2. Each week both the intern and the instructor DJ must sign the Internship Log book that will be located in MCR. It is only by doing this that we can keep track of who is actually attending and benefitting from the program.

3. Except for the keeping of the internship log, the program will be informal in nature. Instructor's may choose to train the DJ however they might wish, but they should be sure that in the course of five weeks, the following items are covered.
   a) General Observation of style and technique, board control and equipment functioning.
   b) Interns should familiarize themselves with the record library (MCR, B-studio), with the cart racks, and with the various signs around MCR (ex Discwashing instructions, etc.)
   c) Interns should learn the log format, should learn how to take and record meter readings, and should familiarize themselves with the log schedule.
   d) Interns should learn how to correctly fill out playlists, and should be instructed on answering and using the phone.
   e) Interns should familiarize themselves with board operations -- cueing and segueing -- as well as in speaking and on air operations in general.
   f) Interns should be taught the correct EBS test procedure.

4. Instructor DJ's should be sure to give their interns a reasonably sufficient amount of on-air time, perhaps up to 30 mins or one hour as the weeks go on.

5. This is definitely an on-the-job training, so interns should be allowed to learn by doing (ex. doing cueing and segueing themselves.) Under no circumstances are they there to be personal valets. Treat them with respect.

6. As with any such system we will be pairing people with different personalities and different musical tastes. As such we do anticipate that it will not always be smooth sailing, but if both instructor and intern concentrate on the job at hand, these problems can be overcome. If there are any serious problems or conflicts, please do not hesitate to get in touch with Jon Damon or Larry La Gala.

7. The internship program will count as service to the station for both the interns and the instructors.

8. Because of limited available instructors and a large amount of interns, some instructors have been assigned two interns. We hope that this is not an excessive inconvenience. The schedule is on the next page.

	SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY

Notes on Progressive Radio

MAKE SURE TITLES ARE ANNOUNCED. Nothing is more frustrating to the kind of person who listens to college radio than to hear a cut they like and have the DJ not announce the title and/or artist. I know I've wanted to throw the tuner out the window more than a few times over this.

Priority Emphasis

New Music (noo myoo-zik), n. 1. fresh, modern, novel, different, striking, better, the latest, anew. 2. the best rock, jazz, reggae, soul, dance music—from the world's most innovative and dynamic musicians.

FOCUS ON THE ALTERNATIVE MARKET

As almost the only alternative outlet for music in the United States, and certainly the most important, college radio is the sacred cow of progressive music.

Rarely held up for criticism, one might get the idea that college radio is a flawless cultural institution. Needless to say, that is not the case.

The 3-400 reporting stations (so called because they report their playlists to the various charts) make up a small but important force in music today. They are the cornerstone of the alternative market, which also includes clubs, alternative press, fanzines, small retail outlets specializing in more esoteric records,

Along the same lines, many people see that alternative music from the past dominates too much of the college airwaves today. "My biggest problem with college radio is with the sets of older music. When I first walked into my college station, they were playing the Allman Brothers and the Grateful Dead. I came in wanting to hear the new Talking Heads single. Now I walk in to a station or turn on the radio and they're still playing the same Talking Heads record, and the same Sex Pistols cut. Supposedly we had gotten away from that," Isquith says.

"It's to my mind that any college station that isn't exposing progressive new music, if they are playing old Led Zeppelin or CCR, should be shot. This music is the music of today, of this generation. If a college station isn't playing their own music, how dare we ask why CHR or AOR isn't playing it," adds Gerson.

"There's a lot of responsibility in being on the radio. The people who run the best stations in the country are aware of the responsibility, they are serving the audience; someone other than themselves or their friends. At the same time they are playing progressive new music," finishes Ivers.

EXECUTIVE BOARD

General Manager: Larry La Sala (x2435) -- The G.M. is legally responsible for the day to day operation of the station. He is responsible for enforcing FCC regulations. The G.M. also serves as a liaison between the station and the outside world, thus any complaints received should be directed to him.

Program Director: Jon Damon (x3220) -- The Program Director is in charge of special programming, regular programming, and scheduled programming. In other words, he is responsible for deciding what shows are on the air. He is also in charge of substitution, so if a DJ cannot find a sub on his/her own, the P.D. should be contacted.

Music Directors: Eric Forsman (x2052) and Chuck Bartlett (x3073) -- They are in charge of compiling new records, sorting the station mail, getting replacement records, and sending playlists to record companies. The playlists that each DJ fills out every show are the reason that the station receives records. If ever a record company executive calls during your show, you should refer him/her to the M.D.'s.

Business Manager: Gopher (x2442) -- Is in charge of new requisitions, paying the bills, and dealing with SAC. He also compiles the new budget.

Production Director: Steve Maggs (x3174) -- Is responsible for C-studio training and the ordering of new production equipment (including new CARTS).

Chief Announcer: Brian Jacobson (x3152) -- Trains new DJ's, gives the new DJ test, checks logs, and is in charge of log corrections as well.

Minority Media Director: Donn Monroe (x4265) -- Is in charge of everything concerning the Minority Media Project.

Publicity/Promotions Director: Jon Brown (x2440) -- Is responsible for all publicity and promotional activities of the station, including submissions to The Student.

Sports Director: Todd Simon (x3056) -- Is responsible for radio broadcasts of sporting events, and is in charge of recruiting broadcasting and late night sports quiz personnel, as well as getting a sponsor for the sports quiz.

PSA Czarina: Tracy Butler (x3443) -- Is responsible for making public service announcements and keeping up the new community calendar.

News Director: Rafe Blaufarb (x3150) -- Is responsible for the gathering and airing of newscasts, as well as gathering a news staff.

Student Engineer: Tim Rowe (x3380) -- Is in charge of maintaining and repairing station equipment. Any broken equipment should be called to his attention.

Staff Representatives: Jon Klein (x3237) and Tommy D. (x3037) -- Are responsible for receiving and handling all staff complaints, and distributing information.

***** FCC REQUIREMENTS ****

1. Operator on duty has his/her license there, and for us this means if you have a license, have it filed at the station. If you do not have one, talk to the General Manager immediately.

2. Logs are correct - Follow the example posted above the mixing board. Use blue or black ink only for logs and corrections. If you make a mistake, come in, draw a line through it, and initial next to the corrections. Logs are retained for two years, so the FCC can come after you for leaving mistakes. Also keep things legible

3. Operator is responsible for correct operation of the transmitter - This means calibrating and taking logs readings. If you have any doubts, instructions are posted.

4. Sponsors identified on the air - This means saying we are a non-commercial station at least once a show. And remember, it is illegal to announce either ticket price or where tickets may be purchased.

The FCC Itself says: "Beware radio operators - which means transmitter sitters, disc jockeys and anyone else who is signed on the transmitter log. The FCC has new authority to levy fines on you, and they are planning to use it."

If you have any questions, talk to an E-board member.

***** SOME STATION POLICIES TO REMEMBER *****

1. NO SMOKING!! If you must smoke, do it out on the stairs. If the fire alarm goes off in the station during you show, you owe the college $100.00. This is your final warning.

2. In the event of a fire alarm sounding in Pratt, evacuate the building! Do not stay inside! If you can, put on a long song, otherwise apologize to the audience for dead air. DO NOT TAKE THE STATION OFF THE AIR.

3. No dedications, profanity, party announcements, ticket prices, or locations on the air. Also, remember that WAMH broadcasts to much more than just the Amherst campus -- so don't talk about gossip, events, or trends. People in Sunderland and Northampton will turn us off.

4. KEEP WAMH CLEAN. Please make sure that all bottles, cans, and trash get picked up and thrown away before they have a chance to collect and make the place a mess.

5. Put all your records away and in the proper place so that the next DJ can find them. Do not leave records on empty shelves, on the table in B-studio, or in C-studio. Do not leave any records out when the next DJ comes in -- this includes those that have been left from an earlier show. Each incoming DJ should make sure that, before he goes on the air, all the albums from the prior show have been put away. All it will take is a kind reminder.

6. No, you may not borrow or lend any station albums.

7. Albums cost money and are a pain in the ass to reorder. So take good care of records -- use discwasher and replace missing inner sleeves with one from the pile next to the clock. If an album is missing or damaged, don't forget to add it to the "Missing and Damaged Album List" on the wall. As for theft -- remember that any album that finds its way out of the station during your show is YOUR responsibility. This also goes for discwasher materials.

8. Our fearless music directors, Eric and Chuck, have lots of work to do, from reviewing new albums to replacing old ones, etc. You are required to help them out once a semester. Chuck 's office hours are Mondays from 2:00 to 5:00, and Eric's are Thursdays from 4:00 to 6:00. They really need your help so please give them as much time as you can.

9. Steve Maggs will be available for production assistance during the following times: Mondays 4-5 PM, Wednesdays 4-5 PM, and Thursdays 3:30-5 PM. There will also be a schedule posted on the door if you need to get in at another time. C-Studio keys WILL NOT BE LENT OUT, so remember if you need to get in, you must contact an E-board member. Also, be sure to follow C-studio rules, fill out the new C-studio log and clean it up after you are done. Failure to do these things will result in your banishment form C-studio.

10. DJ's should say call letters "WAMH" or "89.3" at every significant break. It is important that the audience know to what station they are tuned.

11. Remember that your 30 word X-Plug is due by February 28, and that a cassette tape of your show by March 14. For new DJ's you must submit a tape of one of your first three shows.

Failure to follow these simple rules will give us the opportunity to exercise the control and fascism we so desperately want to use. Plenty of other people want shows, who will respect the station, its property, and the other disc jockeys. Have a good semester.

***** WAMH POINT SYSTEM *****

We are now requiring the following of all disc jockeys:

1. Attendance at one station clean-up.
2. One afternoon session helping out the Music Directors.
3. One other performance of any station related work -- see description of the "Work journal" for further ideas on possible station work.

We expect commitment to WAMH that goes beyond just doing your show, and in doing so we are still not asking you for too much of your time. All your work should be logged in your work journal that will be submitted at the end of the semester, and you will be reviewed at mid-semester so that you may attend to those projects at which you are deficient. Failure to comply with these requirements will have an effect on future programming.

***** SPECIAL SHOWS AND HIGHLIGHTS ON WAMH *****

We at WAMH believe that, as a college radio station, it is our job to provide the Pioneer Valley with a radio alternative. This means that not only can you expect to hear the latest in progressive Rock n' Roll, but also a number of special and truly alternative programs. Here, then is a brief list and description of special shows and highlights on WAMH.

MONDAY:

8:00 AM to 10:00 AM, Wake up to a heavy metal explosion with Tommy D. and the "Lunatic Fringe."

6:00 PM to 2:00 AM, Donn Hassan, Matt Meyer, and Jake Ribicoff bring you the "Night Train;" Eight straight hours of of the finest jazz on the airwaves.

TUESDAY:

6:00 PM to 8:30 PM, Funk, Rap, and Urban Contemporary music with Deke "the Definite DJ."

8:30 PM to 2:00 AM, From power pop to garage rock to neo-psychedelia (with an occasional synth tune thrown in), Larry La Sala and the Lost Boy heat up your radios with the latest in progressive music, on their shows "the Occasional Neurotic Me" and the The Void."

WEDNESDAY:

3:00 PM to 6:00 PM, "Mutant Rock" with Craig Herrick knocks you out of your seat with an explosion of Hardcore and Punk music.

6:00 PM to 8:30 PM, Spanish and Latino Music with Julia Hernandez.

8:30 PM to 2:00 AM, Jon Damon, Andy Blauvelt, and Joel Simon bring you "Pre-Pap Rap" and "Severe Radio." Both shows combine wide varieties of musical genres, with again the emphasis on the progressive and the alternative.

THURSDAY:

8:00 AM to 12:00 Noon, New music in the morning with Ray Russo and Tracy Butler.

12:00 Noon to 1:00 PM, Bluegrass Kirk Barton style on the "Enlightened Hoedown."

1:00 PM to 3:00 PM, Afternoon jazz with Tom Inchalick.

6:00 PM to 8:30 PM, Dance, Funk, and Soul Music with Jeff Armour.

8:30 PM to 11:00 PM, "Cognitive Dissonance" with Andrew Lewis brings you the provocative and experimental side of progressive music.

11:00 PM to 2:00 AM, Kim Evers finishes the evening with a show dedicated solely to women artists and their music, and aptly entitled "Not A Boy."

FRIDAY:

8:00 AM to 12:00 AM, more New Music in the morning with Dave Jemielity and Jon Klein.

***** SPECIAL SHOWS AND HIGHLIGHTS ON WWMI *****

We at WWMI believe that, as a college radio station, it is our job to provide the Oconee Valley with a radio alternative. This means that not only can you expect to hear the latest in progressive rock n' roll, but also a number of special and truly alternative programs. Here is a brief list and description of special shows and highlights on WWMI:

MONDAY:

9:00 AM to 12:00 AM, Wake Up to a Heavy Metal Endeavor with Tommy D. and the "Lunatic Fringe."

4:00 PM to 8:00 PM, Dora Heaven, Patt Meyer, and Jake Babcock bring you the "Night Train." Eight straight hours of the finest jazz on the airwaves.

TUESDAY:

5:00 PM to 8:30 PM, Folk, Pop, and Urban Contemporary music with Dave "the Dentist Guy."

8:30 PM to 2:00 AM, Bring dinner pot to garage rock to new-wavedelia with an occasional avant-tune thrown into Larry La Sala and the Lost Boy. Just tune your radios with the latest in progressive music, or tune in to "The Occasional Melodic Me" and the The Void."

WEDNESDAY:

5:00 PM to 8:00 PM, "Mahant Rock" with Craig Harrick. Complete you pot of your meal with an explosion of hardcore and funk music.

8:00 PM to 11:30 PM, Spanish and Latino Music with Julia Hernandez.

8:30 PM to 5:00 AM, Jon Damon, only diurnist, and Just Damon bring you "Fire-Pot Pie" and "Severe Radio." Both shows cooking with varieties of musical genres, with special emphasis on the progressive and the alternative.

THURSDAY:

6:00 AM to 12:00 Noon, New music in the morning with Ray Munso and Terry Butler.

12:00 Noon to 1:00 PM, Bluegrass with Burton style on the "Continental Shadows."

1:00 PM to 5:00 PM, Afternoon Jazz with Tom Jonelick, Jeff Armour.

5:30 PM to 11:00 PM, "Cognitive Dissonance" with Andrew Lewis brings you the provocative and experimental side of progressive music.

11:00 PM to 2:00 AM, Tim Byers finishes the evening with a show dedicated solely to women artists and their music, and party entries "Not A Boy."

FRIDAY:

8:00 AM to 12:00 AM, more New Music in the morning with Dave Jeanlity and Jon Klein.

3:00 PM to 6:00 PM, Jay Clark continues the Progressive Music onslaught with "Radiodrome."

6:00 PM to 8:30 PM, "City Moods" with DJ extraordinaire Glenn Evans starts your weekend with more Funk, Soul, and Urban Contemporary Music.

8:30 to 11:00 PM, With a further burst of Funk, the "Large Dripping Sandwich" with mix-master R.J keeps the music groovin' at WAMH. Tune in to 89.3 for a party.

11:00 to 2:00 AM, Dara Leavitt and Helen Herschbiel take you into Saturday with yet another dose of New Music, though in a rather "physically impossible way."

SATURDAY:

12:00 Noon to 3:00 PM, Technopop and new music for a Saturday afternoon with Brian Jacobson and Steve Berman.

3:00 PM to 5:45 PM, "Saturday Afternoon Reggae" with DJ Mark, for the hottest Reggae this side of Jamaica.

5:45 PM to 6:00 PM, "Sports Talk" brings you the latest in Sports news and controversies with a frankness only WAMH would dare.

6:00 PM to 8:30 PM, In a style entirely irresistible, Jabu brings from afar the music of Africa with "Moribo Wa Africa." The only show of its kind in the valley and possibly beyond.

8:30 PM to 11:00 PM, With an ear tuned to the cutting edge of progressive music, hear the latest in hard driving garage and Fuzz-busting neo-psychedelic music, with Eric Forsman and the "Halve Fish Will Picnic" special.

SUNDAY:

2:00 AM to 6:00 AM, Matt Besser and Rafe Blaufarb make sleep a forgotten concept with the "Out of Step Show," bringing you the most outrageous mix of British Punk and American Hardcore.

6:00 AM to 8:00 AM, For all you early morning risers, a little country blues and bluegrass with Hall Kirkham

10:00 AM to 12:00 Noon, For all you later risers, some "Cool Rising" reggae music with Tim Rowe and pals Gerard and Dennis.

12:00 Noon to 2:00 PM, For all you really late risers, Lisa Smith's "Sunday Harmonia" should help the hangover blues with a dose of classical music.

2:00 PM to 5:00 PM, Dave Cole keeps the beat going with "Congos and Bongos," a show of reggae and other third world percussion.

5:00 PM to 6:00 PM, a break from the music with Radio Theatre, featuring "Alice in Wonderland" and "Alice Through the Looking Glass, " produced and directed by Siobhan Sams. A treat for all, and a even chance to hear President Pouncey play actor.

6:00 PM to 8:30 PM, Lucien Gochett brings you the sound of Gospel.

8:30 PM to 11:30 PM, Progressive music for a Sunday night with Chuck Bartlett, and culminating at 10:30 with the ever-so-important "WAMH Top 10 Countdown."

NOTE Remember, Monday through Thursday at 11:00 PM, be sure to tune in to the "Late Night Sports Quiz" for sports trivia fun and prizes.
